## **DETAILED ACTION**

### ***Election/Restrictions***

This application is in condition for allowance except for the presence of claims 15 – 20 directed to an invention non-elected with traverse in the reply filed on February 10, 2005. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

### ***Allowable Subject Matter***

Claims 1 – 14 and 21 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: The Examiner agrees with Applicant's arguments (pages 7, 8) that neither Uchimura or Koriyama teach or suggest the claimed limitations "wherein the one end of the line conductor is short-circuited to the ground conductor layer,".

Regarding claim 21, reasons for allowance of claim 21 was given in the previous Office action dated July 14, 2006 and remains the same.
